WHY EXPERTS CHOOSE SIDEM STEERING & SUSPENSION PARTS.

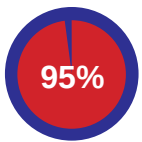

Original Equipment quality

All Sidem products are engineered and produced to meet at least OE standards. If by our experience and expertise we believe quality can be improved for an easier installation, a longer life time or a higher security for the driver, we re-engineer the product. Besides, Sidem has the IATF16949 certification.

European production

The engineering and production of our steering and suspension parts is located in Romania. Our headquarters with the central warehouse of 27,000 m2 is based in Belgium. From there, we supply to more than 90 countries worldwide.

Sidem has the most complete range of vehicle brands and models worldwide. The Sidem catalogue is an absolute reference in the market. With over 9,000 parts for European and Asian car brands, we offer the largest range available from stock. Working with Sidem means covering your market up to a minimum of 95%.
